Art Taschen Basic Art Series

A must-have for any art buff, this definitive who's who of Impressionism gathers 10 monographs from the Basic Art series for the price of three. Precise texts and impeccable reproductions guide us through the life and works of Cézanne, Degas, Gauguin, Manet, Monet, Renoir, Rousseau, Seurat, Toulouse-Lautrec, and van Gogh.

Originating in England in the mid 1950s, Pop Art developed its full potential in the USA in the 1960s. It substitutes the everyday for the splendid; mass-produced articles are assigned the same importance as one-offs; the difference between high culture and popular culture is swept away. Media and advertising are among the preferred contents of Pop Art, which celebrates the consumer society in its own witty fashion. The enthusiasm generated by Pop Art since the first works were exhibited has never died down -- it is greater today than ever before. Book jacket.

American artist Jean-Michel Basquiat (1960-1988) quickly became one of art history's most luminescent personalities; his friendships with Andy Warhol, Keith Haring, and Madonna, as well as his tragic death at the age of twenty-seven, are the stuff of legend. This retrospective publication traces the artist's unique career and pinpoints his important position in art history. Basquiat's works are marked by the kind of intensity and energy that also determined the course of his brief life. In just eight years--comparable to the career of Egon Schiele--Basquiat not only managed to create an extensive oeuvre, but also to establish new figurative and expressive elements alongside Conceptual and Minimal Art. At the age of twenty-one, he became the youngest artist ever to be invited to the documenta, while his work also anticipated that of Germany's Junge Wilde movement and the art of the nineties. (German edition ISBN 978-3-7757-2592-7) Exhibition schedule: Fondation Beyeler, Riehen/Basel, May 9-September 5, 2010

"Hopper is simply a bad painter, but if he were a better one, he would probably not be such a great artist." Clement Greenberg.

The bare minimum Often regarded as a backlash against abstract expressionism, Minimalism was characterized by simplified, stripped-down forms and materials used to express ideas in a direct and impersonal manner. By presenting artworks as simple objects, minimalist artists sought to communicate esthetic ideals without reference to expressive or historical themes. This critical movement, which began in the 1960s and branched out into land art, performance art, and conceptual art, is still a major influence today. This book explains the how, why, where and when of Minimal Art, and the artists who helped define it. Featured artists: Carl Andre, Stephen Antonakos, Jo Baer, Larry Bell, Ronald Bladen, Walter De Maria, Dan Flavin, Robert Grosvenor, Eva Hesse, Donald Judd, Gary Kuehn, Sol LeWitt, Robert Mangold, John McCracken, Robert Morris, Robert Ryman, Fred Sandback, Richard Serra, Tony Smith, Frank Stella, Robert Smithson, Anne Truitt About the Series: Each book in TASCHEN's Basic Genre Series features: a detailed illustrated introduction plus a timeline of the most important political, cultural and social events that took place during that period a selection of the most important works of the epoch, each of which is presented on a 2-page spread with a full-page image and with an interpretation of the respective work, plus a portrait and brief biography of the artist approximately 100 colour illustrations with explanatory captions

Meet Diego Rodríguez de Silva y Velázquez, the leading light of the Spanish Golden Age and a giant of Western art history. From humble genre scenes to the ever-mysterious Las Meninas, this introductory book charts the compositional expertise, natural figuration, and masterful handling of tone that secured Velázquez's place as "the greatest..."

A commentary on the life and work of Andy Warhol, celebrated American artist.

A brief study of the life and work of conceptual artists Christo and Jeanne-Claude.

Looks at the life, career, and works of the American artist.

The inventor of modernity Violently criticized during his lifetime for his supposedly provocative paintings, French painter Edouard Manet (1832-1883) is now considered a master of inestimable importance in the history of painting. His 1863 painting "Djeuner sur l'herbe" depicting two clothed men picnicing with a nude woman--now considered one of the most memorable images of the 19th century--stirred up controversy for what many considered its vulgar audacity. It was famously rejected by the Paris Salon and exhibited in the Salon des Refusés. Manet's bold style helped pave the way from Realism to Impressionism, and in doing so ushered in the age of modern art. About the Series: Each book in TASCHEN's Basic Art series features: a detailed chronological summary of the life and oeuvre of the artist, covering his or her cultural and historical importance a concise biography approximately 100 illustrations with explanatory captions
