Don't Look Back is the second novel in Los Angeles Times Book Prize–winning author Karin Fossum's Inspector Sejer mystery series. "Sejer belongs alongside the likes of Adam Dalgliesh and Inspector Morse—a gifted detective and troubled man."—Boston Globe At the foot of the imposing Kollen Mountain lies a small, idyllic village, where neighbors know neighbors and children play happily in the streets. But when the body of a teenage girl is found by the lake at the mountaintop, the town's tranquility is shattered forever. Annie was strong, intelligent, and loved by everyone. What went so terribly wrong? Doggedly, yet subtly, Inspector Sejer uncovers layer upon layer of distrust and lies beneath the town's seemingly perfect facade. "Psychologically astute, subtly horrifying."—New York Times Book Review "Build[s] to a heart-stopping conclusion."—Entertainment Weekly

Andreas's disappearance is a mystery to all, including his inseparable friend Zipp. But as much as the police question him, its not easy for Zipp to come forward with details of the last time he saw his friend: following an old woman into her home, brandishing his knife. Zipp waited anxiously outside but Andreas failed to reappear. Inspector Sejer and his colleague Skarre are baffled but while the confusion in the outside world continues, a chilling and heart-stopping drama is unfolding inside the old woman's home. In a plot in the tradition of Stephen King, Fossum deploys her trademark skill of looking realistically, terrifyingly, into the minds of criminal and victim. Appearances aren't always to be believed, and people are not always what they seem.

When a woman who lived alone in the woods is brutally murdered, Inspector Sejer investigates the chief suspect, a schizophrenic loner who recently escaped from a mental institution, in a case that also involves a young delinquent and an emotionally disturbed bank robber. By the author of Don't Look Back. Reprint. 20,000 first printing.

In this tense and twisty latest from Norway 's maven of crime, time shifts between Inspector Sejer 's interrogation of the accused Ragna Riegel and the shocking events that led up to her arrest. How did this lonely, quiet woman come to kill a man—or did she? How did a lonely, quiet woman come to kill a man—or did she? Ragna Riegel is a soft-spoken woman of routines. She must have order in her life, and she does, until one day she finds a letter in her mailbox with her name on the envelope and a clear threat written in block capitals on the sheet inside. With the arrival of the letter, and eventually others like it, Ragna 's carefully constructed life begins to unravel into a nightmare—threatened by an unknown enemy, paranoid and unable to sleep, her isolation becomes all the more extreme. Ragna 's distress does culminate in a death, but she is the perpetrator rather than the victim. The Whisperer shifts between Inspector Sejer 's interrogation of Ragna and the shocking events that led up to her arrest. Sejer thinks it is an open-and-shut case, but is it? Compelling and unnerving, The Whisperer probes plausible madness in everyday life and asks us to question assumptions even in its final moments.

Inspector Konrad Sejer heads up the investigation into a brutal murder after the battered body of a woman is found outside of the town of Elvestad on the same day that the townspeople are expecting to meet the new Indian bride of local bachelor Gunder Jomann, who unexpectedly has returned home married after a two-week trip to India. By the author of Don't Look Back. Reprint.

A young girl looking forward to her tenth birthday, Ida Joner vanishes while riding her new bicycle to town, igniting a desperate search for the missing child, a media frenzy, the suspicions of the community about local eccentric Emil Mork, and Inspector Konrad Sejer's most baffling case in years. Reprint.
