ACCIDENT—GOV.UK

The Cessna 337 Skymaster, arguably the most commercially successful push-pull attempt, at least in terms of numbers built. And although the 337 Skymaster isn't the most popular twin ever marketed, it's done all right for itself and has achieved its primary goal: eliminating asymmetric thrust and simplifying the pilot's workload in the event of an engine out.ü

Cessna Skymaster—AVWeb

The Cessna Pilots Operating Handbook and FAA Approved Airplane Flight Manual, consistently states to "Feel for Detent" throughout the preflight, normal, amplified, and, emergency procedures sections of the POH/AFM. Additionally, the various service and, maintenance manuals require operational checks, which include a "feel for the detents".
