The subtitle--"creating what people love before they know they want it"--is a paraphrase of Steve Jobs. But the book doesn't focus so much on high-tech wunderkinds or high-touch products. That wouldn't necessarily resonate with the rest of the world. The book focuses on prosaic products, like rental cars, coffee, supermarkets, movies, video ...

Demand: Creating What People Love Before They Know They ...

Demand: Creating what people love, before they know they want it by Adrian Slywotzky is a decent book regarding creation of demand of a product. The book gives good account of the demand creation strategies of products like Amazon-kindle, Netflix, through vivid and insightful background stories.

Demand: Creating What People Love Before They Know They ...

Demand drives supply. When demand rises, growth happens - jobs are created, the economy flourishes and society thrives. So goes the theory. It sounds simple, yet almost no one really understands demand, including the business owners, company leaders and policy makers who try to stimulate and satisfy it.
