Overview. Revised to reflect DSM-5, this briefer version of Durand and Barlow's widely used book fully describes abnormal psychology through the authors' standard-setting integrative approach--the most modern, scientifically valid method for studying the subject. Through this approach, readers learn that psychological disorders are rarely caused by a single influence, but rooted in the interaction among multiple factors: biological, psychological, cultural, social, familial, and even political.

Essentials of Abnormal Psychology / Edition 7 by V. Mark ...

Essentials of Abnormal Psychology V. Mark Durand, David H. Barlow In this briefer version of Durand and Barlow's widely taught text, the authors explain abnormal psychology through their standard-setting integrative approach--the most modern, scientifically valid method for studying the subject.

Revised to reflect DSM-5, this briefer version of Durand and Barlow's widely taught text fully describes abnormal psychology through the authors' standard-setting integrative approach--the most modern, scientifically valid method for studying the subject. Through this approach, students learn that psychological disorders are rarely caused by a single influence, but rooted in the interaction among multiple factors: biological, psychological, cultural, social, familial, and even political. A conversational writing style, consistent pedagogy, and real case profiles--95 percent from the authors' own case files--provide a realistic context for the scientific findings of the book. In addition, these features ensure that readers never lose sight of the fact that real people are behind the DSM-5 criteria, the theories, and the research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fully integrating the DSM-5, Durand, Barlow, and Hofmann describe abnormal psychology through their standard-setting integrative approach -- the most modern, scientifically valid method for studying the subject. Through this approach, students learn that psychological disorders are rarely caused by a single influence, but rooted in the interaction among multiple factors: biological, psychological, cultural, social, familial, and even political. A conversational writing style, consistent pedagogy, and real case profiles provide a realistic context for the scientific findings. This eighth edition highlights groundbreaking updates to research findings and the latest innovations in the treatment of mental disorders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

## Read Free Durand And Barlow Essentials Of Abnormal Psychology 6th Edition

Balancing biological, psychological, social, and cultural approaches, the Fourth Canadian Edition of Abnormal Psychology's groundbreaking integrative approach is the most modern, scientifically valid method for studying abnormal psychology. The author team--now including Dr. Martin Lalumi re--continues to blend sophisticated research and an accessible writing style with the most widely recognized method of discussing psychopathology. Going beyond simply describing different schools of thought on psychological disorders, the authors explore the interactions of the various forces that contribute to psychopathology. A conversational writing style, consistent pedagogical elements, integrated case studies, and superior coverage of the DSM-5 (with insights from author David Barlow, an Advisor to the DSM-5 task force) help lead students to an unparalleled appreciation for the current state of what is a multidimensional and compelling clinical science.

Earlier eds. published under title: Abnormal psychology.

ABNORMAL PSYCHOLOGY: AN INTEGRATIVE APPROACH, Eighth Edition, is the perfect text to help you succeed in your abnormal psychology course! The authors -- all internationally recognized experts in the field -- show you how psychological disorders are rooted in multiple factors: biological, psychological, cultural, social, familial, and even political. You can test your understanding of topics with the text's built-in concept checks and chapter quizzes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Using cases from the authors' files or from case files of other working clinicians, CASEBOOK IN ABNORMAL PSYCHOLOGY, International Edition portrays the rich and arresting nature of disorders manifested in real people. Cases illustrate every major DSM-IV category, followed by a therapy outcome section that tells the "rest of the story" of what happened to these clients. Using an integrative approach, the authors emphasize the multiple causes of disorders and incorporate developmental and cultural issues in each case. Complex cases are presented without a diagnosis, so students can come up with a diagnosis on their own. This Fourth Edition includes a new case on body dysmorphic disorder as well as two new cases without a diagnosis.
