Beginning from the conflict between individual learner differences and the institutionalized, often inflexible character of formal language instruction, Individual Learner Differences in SLA addresses the fact that despite this apparent conflict, ultimate success in learning a language is widespread. Starting with theoretically-based chapters, the book follows the thread of learner differences through sections devoted to learner autonomy, differentiated application of learning strategies, diagnostic studies of experienced learners' management of the learning process, and reports on phonological attainment and development of language skills. Rather than providing an overview of all individual variables, the book reveals how some of them shape and affect the processes of language acquisition and use in particular settings.

This edited book brings together ten empirical papers reporting original studies investigating different facets of individual variation second language learning and teaching. The individual difference factors covered include, among others, motivation, self, anxiety, emotions, willingness to communicate, beliefs, age, and language learning strategies. What is especially important, some of the contributions to the volume offer insights into intricate interplays of these factors while others attempt to relate them to learning specific target language subsystems or concrete instructional options. All the chapters also include tangible implications for language pedagogy. The book is of interest to both researchers examining the role of individual variation in second language learning and teaching, teacher trainers, graduate and doctoral students in foreign languages departments, as well as practitioners wishing to enhance the effectiveness of second language instruction in their classrooms.

Succeed in Cambridge FCE: 10 Practice Test: Teacher's Book Succeed in Cambridge FCE prepares candidates for the revised Cambridge FCE examination. The ten practice tests provide comprehensive coverage in each of the five FCE papers: Reading, Writing, Use of English, Listening and Speaking. The tests reflect the level of difficulty of the revised format of the FCE, and the audio recordings are presented in the same format as the revised Listening exam. Succeed in Cambridge FCE makes use of a wide range of thematically based units to help candidates develop the required level of English in real-life situations. These tests have been trialled under real exam conditions with FCE candidates. Passing FCE certifies that you are able to use English with confidence in real-life situations. It is especially designed to focus your language learning on the skills you will actually need to communicate more effectively in your own life. The FCE examination tests all four skills: Reading, Writing, Listening and Speaking, as well as the candidate's use of grammar and vocabulary. Key Features Reflects the actual level of difficulty of the revised format of the FCE Includes all five papers of the FCE Test: Reading, Writing, Use of English, Listening and Speaking The tests have been trialled under real exam conditions with FCE candidates A wide range of thematically-based units help students build the vocabulary required Audio recordings are presented in the same format as the Listening exam Contains two additional revision progress tests Accompanying Practice Book also available.

From the Introduction: Big Grammar Book is jam-packed from cover to cover with a great selection of photocopyable worksheets taken from the popular EnglishBanana.com website. We wanted to provide teachers with a really useful book of no-nonsense grammar worksheets that they can dip into and use in class with students at Entry Level (ESOL Core Curriculum Entry Levels 1 & 2). It is also ideal for students to work with at home since the answers are all printed at the back.

Through imagination, clarity, humor and cartoon, Daniel Erlander retells the Bible's story. Follows the themes of bread and forgiveness.

First published 1984. In a provocative study, this book argues that the problems posed by Shelley ' s notoriously difficult style must be understood in relation to his ambivalence towards language itself as an artistic medium — the tension between the potential of language to mirror emotional experience and the recognition of it ' s inevitable limitations. Through an exposition of Shelley ' s idea of language, as reflected in his theoretical writings and individual poems, this book makes a strong case for his artistic worth. A definitive introduction to Shelley, useful for both scholars and newcomers, this book will be interest to students of literature.

The Sanchez and the Fong families get together to celebrate Chinese New Year. Includes facts about the holiday.

Learn the story of Canada in this beautiful new edition, fully updated! Who better than award-winning writer Janet Lunn and historian Christopher Moore to tell our country's story through rich narrative, recreations of daily life, folk tales and intriguing facts. Coupled with Alan Daniel's evocative original paintings, as well as dozens of historical photographs, maps, paintings, documents and cartoons, The Story of Canada is as splendid to look at as it is fascinating to read. Includes new material to bring us to the 150th anniversary of Confederation.
