Officially, it's called the PennCo Containment Area. But to the people trapped inside, their bodies tainted with chemicals that give off a sweet smell, it's known simply as Flowertown. The quarantine was supposed to save their lives, but many of the survivors have grown suspicious of the government's real motives. But not Ellie Cauley--her rage long ago burned down to hard, cynical pessimism. When a series of deadly events forces Ellie out of her apathy, she must prepare to face an enemy powerful enough to unleash her greatest nightmare.

This time, however, she won't be an abandoned daughter or a grieving widow. This time, she'll be a suspect.
