The reputation of Rainer Maria Rilke has grown steadily since his death in 1926; today he is widely considered to be the greatest poet of the twentieth century. This Modern Library edition presents Stephen Mitchell ' s acclaimed translations of Rilke, which have won praise for their re-creation of the poet ' s rich formal music and depth of thought. " If Rilke had written in English, " Denis Donoghue wrote in The New York Times Book Review, " he would have written in this English. " Ahead of All Parting is an abundant selection of Rilke ' s lifework. It contains representative poems from his early collections The Book of Hours and The Book of Pictures; many selections from the revolutionary New Poems, which drew inspiration from Rodin and Cezanne; the hitherto little-known " Requiem for a Friend " ; and a generous selection of the late uncollected poems, which constitute some of his finest work. Included too are passages from Rilke ' s influential novel, The Notebooks of Malte Laurids Brigge, and nine of his brilliant uncollected prose pieces. Finally, the book presents the poet ' s two greatest masterpieces in their entirety: the Duino Elegies and The Sonnets to Orpheus. " Rilke ' s voice, with its extraordinary combination of formality, power, speed and lightness, can be heard in Mr. Mitchell ' s versions more clearly than in any others, " said W. S. Merwin. " His work is masterful. "

The result is not a replication of Akhmatova's style but a
