This is an important book discussing the use of different strategies methods about trading. It was written by over 30 expert traders. The book was designed to help you develop your own trading edge in the markets to put you above others who don't have an edge and just trade by the seat of their pants. 90% of traders actually lose in

the markets and the main reason is simply that they don't have an edge. All of the writers in this book are very experienced and knowledgeable of different ways. Each of them has their own expertise in trading the markets. What sets these traders apart from other traders? Many think that beating the markets has

something to do with discovering and using some secret formula. The traders in this book have the right attitude and many employ a combination of fundamental analysis, technical analysis principles and formulas in their best trading strategies. This gives them a trading edge over other traders. If you want to be successful at
