~~Grade 5 Practice with Math Games~~

Fifth-grade math students may have memorized multiplication facts in earlier grades, but by this point, they need to understand how to interpret and solve word problems. Word problems are important in math because they help students develop real-world thinking, apply several math concepts simultaneously, and think creatively, notes ThinksterMath. Word problems also help teachers evaluate their students' true understanding of math.

~~Free Math Word Problem Worksheets for Fifth Graders~~
