secrets for everyday life.

Data Science is booming thanks to R and Python, but Java brings the robustness, convenience, and ability to scale critical to today's data science applications. With this practical book, Java software engineers looking to add data science skills will take a logical journey through the data science pipeline. Author Michael Brzustowicz explains the basic math theory behind each step of the data science process, as well as how to apply these concepts with Java. You'll learn the critical roles that data IO, linear algebra, statistics, data operations, learning and prediction, and Hadoop MapReduce play in the process. Throughout this book, you'll find code examples you can use in your applications. Examine methods for obtaining, cleaning, and arranging data into its purest form Understand the matrix structure that your data should take Learn basic concepts for testing the origin and validity of data Transform your data into stable and usable numerical values Understand supervised and unsupervised learning algorithms, and methods for evaluating their success Get up and running with MapReduce, using customized components suitable for data science algorithms

A programmer's complete guide to Visual Basic .NET. Starting with a sample application and a high-level map, the book jumps right into showing how the parts of .NET fit with Visual Basic .NET. Topics include the common language runtime, Windows Forms, ASP.NET, Web Forms, Web Services, and ADO.NET.

First in the YA bestselling fantasy trilogy of the battle between Light and Dark. "If you loved the Twilight series, you will love this book."—Giuliana Rancic, E! News anchor Caroline Ellis' sixteenth birthday sets into motion a series of events that have been fated for centuries. A descendant of Virginia Dare, the first child born in the lost colony of Roanoke, and unaware of her birthright as the heir to the throne of the Light Fae, it isn't until Caroline begins a tumultuous relationship with Devilyn Reilly that the truth of her heritage is revealed. Devilyn is the only Fae who is both of the Light and of the Dark, and struggles to maintain that precarious balance to avoid succumbing to the power of the Dark within him. He is the only one who can save Caroline from those who would destroy her and destroy all hope for unity among the Fae. He promises Caroline that he will protect her at all costs, even when it means protecting her from himself. Told from the alternating perspectives of Caroline and Devilyn, Fae draws on mysteries, myths and legends to create a world, and a romance, dangerously poised between Light and Dark. Praise for the Fae trilogy "A phenomenal series."—Margaret Stohl, #1 New York Times bestselling coauthor of Jo & Laurie "Lovers you must buy a copy!"—Nicky Whelan, actress, Hall Pass, Franklin & Bash "Since the Twilight series recently came to an end, the search for the next hit teen novel is on. Fortunately, with C.J. Abedi's first book in the Fae series, there may be no need to look any further."—Firsttoknow.com

The design of the new Samsung Galaxy Tab A 2019 has changed a lot compared to its previous generations. It now sports an Android 9.0 Pie and a host of other cool features to give you the most experience. For instance, there's no more lower home, back, and recent buttons as they are now being replaced by an on screen design. Also, there is no flash for the camera, which means you have to know how to explore this feature so you can get the most of the camera settings. Whether

This is a must-have book to get for any Galaxy Tab A user who wants to take their device to the next level and get more out of their tablet!

By far the most important figure in the history of the United States, George Washington liberated the thirteen colonies from the superior forces of the British Empire against all military odds, and presided over the production and ratification of a constitution that (suitably amended) has lasted for more than two hundred years. Yet today Washington remains a distant figure to many Americans—a failing that acclaimed author Paul Johnson sets out to rectify with this brilliantly vivid, sharply etched portrait of the great hero as a young warrior, masterly commander in chief, patient lawmaker, and exceptionally wise president.

Parents will do almost anything to get their kids to eat healthier, but unfortunately, they've found that begging, pleading, threatening, and bribing don't work. With their patience wearing thin, parents will "give in" for the sake of family peace, and reach for "kiddie" favorites—often nutritionally inferior choices such as fried fish sticks, mac n' cheese, Pop-sicles, and cookies. Missy Chase Lapine, former publisher of *Eating Well* magazine, faced the same challenges with her two young daughters, and she sought a solution. Now in *The Sneaky Chef*, Lapine presents over 75 recipes that ingeniously disguise the most important superfoods inside kids' favorite meals. With the addition of a few simple make-ahead purees or clever replacements, (some may surprise you!) parents can pack more fiber, vitamins, and antioxidants in their kids' foods. Examples of "Sneaky" recipes include: No Harm Chicken Parm Power Pizza Incognito Burritos Guerilla Grilled Cheese Brainy Brownies Health-by-Chocolate Cookies Quick fixes for Jell-O(R)

Family, friendship, and inner beauty are all part of the heart stopping finale of *The Shifter Prophecy* series. USA Today Bestselling Author Megan Linski's ending to a paranormal romance saga full of strong heroines, Alpha males, and magic will leave readers laughing and in tears during the final book of a young adult fantasy collection for this generation.

When their unassuming Grandma June dies, Giovanna, Keyah, and Fatima are shocked to learn she had saved a small fortune and has left three million dollars to them, her granddaughters. But there's a catch: each sister must marry the father of her children no later than six months after reading the will. Piece of cake, right? Wrong! Each sister has a complicated relationship with her "baby daddy."

Giovanna, a successful lawyer and a proudly independent woman, has no desire to marry Douglas---even if he makes her breath catch when he walks in the room and is a wonderful dad to their daughter. She's got a feeling that Douglas is keeping secrets. Keyah's boyfriend, Jag slipped a ring on her finger years ago but seems content to stay forever engaged. And Fatima's on-again, off-again relationship with Dune is filled with more ups and downs than a roller coaster. So why would Grandma June want her granddaughters to marry these men? Because sometimes Grandma really knows best. The clock is ticking. Will it be a countdown to wedding bells or disaster?
