The choir rehearsal focuses on a solo anthem or motet (1a), perhaps for 30 or 40 minutes, and polishes it up well. The piece, sung at, say, preparation of the offerings, really shines. The choir rehearsal also focuses on the responsorial psalm verses, gospel acclamation verse, and communion antiphon verses (1b), which are chanted in parts.

Sacred Music Library's A Catholic Book of Hymns goes beyond merely being notes and words on a page for a congregation to sing. It has other books to assist organists in mastering the art of playing hymns by writing out the hymns as organ music. There are techniques that are required to play hymns. As organ teachers are even harder to find than organists today, we have created this book which simplifies the hymns while still supporting the singing of the hymns. Our regular ORGAN EDITION has the organist playing the same notes the people are singing, but adapted to the organ to make the organ sound at its best and fully support singing as a trained organist with years of experience would do. In this book we have preserved the Soprano Melody and the Bass Line exactly as they are in the hymn and composed a middle part to carry the harmony, derived from the Alto & Tenor parts. This makes playing the hymn much easier for the new organist or organists who are short on time to practice and prepare the hymns each week. And it also gives confidence to the new organist. To fulfill the needs of organists to accompany hymns, we offer two books with the hymns scored for organ - meaning that when an organist plays. We also provide suggested stop registration for all 295 hymns, once again, to give new organists suggestions that assist them in playing. For those who also play piano and keyboards for rehearsals and Mass, this book and the standard ORGAN EDITION can be very helpful as well. Hymns are written for singers, not for organists pianists or keyboard players!

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

A new addition to The Catholic Choirbook Series A book for building new choirs and improving the skills and repertoire of experienced choirs. This is a new digest created from The Catholic Choirbook series, containing the most sung music from that book as used by Catholic, Anglican and other choirs from around the world. Designed to be affordable and easy to hold, its price is less than the cost of a lunch in many countries. Much of the music is very singable for the average choir, some is a bit more challenging to encourage excellence in the singing of your choir. Some of the music may be sung without accompaniment, but all pieces include accompaniments for a simple reason: Many choirs struggle to find enough singers to sing all the parts. Going back in history to the time of Palestrina, who wrote for choirs of many parts, 8 and more, we have learned that when a singer was missing, that part was played on the organ, or by another instrument. For example, music written for a double choir of 8 voices, could be sung by four voices, the second choir part being played on the organ, or by other wind instruments or strings. Our motivation for this publication is simple. Choir directors are amazed when their choirs sing pieces from this collection, using a substitute instrument or two to strengthen the voices, to have people from their congregation who sang that piece in College, want to join the choir. Also, many of these works may be sung with only sopranos, the organ playing the other parts. You have to sing great music to be a great choir. Each volume in this series is liturgically accurate, magnificently printed, and beautifully bound as befits its use for the Prayer of the Church. You will find this set ideal for both your private and your communal daily prayer.

936 of the best and most popular hymns, songs and chants, both old and new. A generous selection of singable Mass settings. A complete set of Responsorial Psalms and Gospel Acclamations for Sundays and major feasts. Extensive indexes in the melody and organ editions that make choosing hymns as easy as possible. The index is also available separately for ease of use. All hymns are in singable keys - some are given in two keys for younger or older singers. All editions are clearly set, well printed and strongly bound for life.

In the discussions and debates surrounding liturgical music of the past fifty years, music theorists, critics, and historians have contributed little, and their counsel has rarely been sought. Whenever the matter of liturgical music arises, most often in parishes, but sometimes in episcopal conferences or in the academy or in Vatican documents, the nature of the music, as music, almost never affects the discussion. With Sacred Treasure, Joseph Swain, a distinguished musicologist and accomplished performer, attempts to change that. He offers a theory for building authentic traditions of liturgical music for Roman Catholic parishes. This book is an exercise in pragmatic music criticism. By providing a rational basis for evaluating the essential issues, Swain seeks to show how a spiritually wholesome stability might supplant the confusion. Sacred Treasure shows how the hard facts of music must be taken into account in any holistic conception and any lasting form of liturgical music.

Forty years ago, Toolan composed the words and music of the famous hymn I Am the Bread of Life, performed in 25 languages worldwide. Today, Toolan is one of the most respected writers of religious hymns in the world; the story behind her work sparks creativity in other artists and musicians. (Motivation)
