The NICET Level 1 certification requires minimal relevant experience and entry-level training on fire alarm related disciplines. We create these self-practice test questions module (with 200+ questions) referencing both technical information and standards currently valid in the trade. Each question comes with an answer and a short explanation which aids you in seeking further technical information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 6 or 7. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. This product focuses on the technical aspect of fire alarm installation and the relevant technical standards. You should use this product together with other study resources for the best possible exam prep coverage.

Don't take the NICET Fire Alarm Systems Level 1 Certification Exam until you study this guide! This NICET Level 1 Study Guide includes 150 questions referencing the NFPA 72 2013, NEC 2011, OSHA standards and
