K-to-12-Currieulum-Guide—Department-of-Education

The Science Curriculum in Primary and Lower Secondary Grades The emphasis of science education at the primary and junior (lower) secondary levels is to enhance students ' scientific thinking through learning activities that involve planning, designing, measuring, observing, evaluating procedures, examining evidence, and analyzing data.

The-Science-Currieulum-in-Primary-and-Lower-Secondary---

For example, an elementary school might have curriculum guides for math, science, social studies, and language arts for each grade level from kindergarten up. Within each subject, the guide outlines objectives, or standards, that students are expected to meet by the end of a set time frame, usually the school year.
