Sightseeing is a collection of short stories by Rattawut Lapcharoensap, a Thai American writer who spent most of his childhood in Bangkok. I read the short stories while I was travelling to Thailand and they really helped me understand the Thai culture beyond the usual smooth appearance tourists may have of the country.

Author of Sightseeing, a collection of short stories, which received the Asian American Literary Award and was shortlisted for the Guardian First Book Award.

The national bestseller by the award-winning Thai-American author. " A brilliant collection . . . brimming with sharp-clawed survival lessons " (Los Angeles Times). Set in contemporary Thailand, these are generous, radiant tales of family bonds, youthful romance, generational conflicts and cultural shiftings beneath the glossy surface of a warm, Edenic setting. Written with exceptional acuity, grace and sophistication, the stories present a nation far removed from its exoticized stereotypes. In the prize-winning opening story " Farangs, " the son of a beachside motel owner commits the cardinal sin of falling for a pretty American tourist. In the novella, " Cockfighter, " a young girl witnesses her proud father ' s valiant but foolhardy battle against a local delinquent whose family has a vicious stranglehold on the villagers. Through his vivid assemblage of parents and children, natives and transients, ardent lovers and sworn enemies, Lapcharoensap dares us to look with new eyes at the circumstances that shape our views and the prejudices that form our blind spots. Gorgeous and lush, painful and candid, Sightseeing is an extraordinary reading experience, one that powerfully reveals that when it comes to how we respond to pain, anger, hurt, and love, no place is too far from home. " Lapcharoensap is a commanding, animated tour guide, and a lot more than that—he can write with the bait and the hook of genuine talent . . . [He] has a gift for the detail that catches not only his Thai milieu but teenage life everywhere. " —Darin Strauss, The New York Times Book Review

A collection of stories set in modern-day Thailand depicts this Asian country on the crossroads between the ancient and the modern, focusing on issues of family relations, romance, generational conflicts, and cultural changes. A first collection. Reader's Guide included. Reprint.

Shortlisted for the National Book Award for Fiction Set in Thailand, a brilliantly original and page-turning first novel of anthropologists, missionaries, demon possession, sexual taboos, murder, and one obsessed young American reporter. When his girlfriend takes a job in Thailand, Mischa goes along for the ride, planning only to enjoy himself as much as possible. But when he hears about the suicide of a young woman, Martiya van der Leun, in the Thai prison where she was serving a life sentence for murder, what begins as mild curiosity becomes an obsession. It is clear that Martiya was guilty, but what was it that led her to kill? 'A killer novel... A great story... You can't stop reading.' Stephen King, Entertainment Weekly

"Recreates the experience of living in Thailand's aqueous climate so viscerally that you can feel the water rising around your ankles." —Ron Charles, Washington Post "Important, ambitious, and accomplished." —Mohsin Hamid, New York Times bestselling author of Exit West A missionary doctor pines for his native New England even as he succumbs to the vibrant chaos of nineteenth-century Siam. A post-World War II society woman marries, mothers, and holds court, little suspecting her solitary fate. A jazz pianist in the age of rock, haunted by his own ghosts, is summoned to appease the house's resident spirits. In the present, a young woman tries to outpace the long shadow of her political past. And in a New Krungthep yet to come, savvy teenagers row tourists past landmarks of the drowned old city they themselves do not remember. Time collapses as these lives collide and converge, linked by the forces voraciously making and remaking the amphibious, ever-morphing capital itself. Bangkok Wakes to Rain is an elegy for what time erases and a love song to all that persists, yearning, into the unknowable future.

Filled with the bestselling, award-winning author's trademark wordplay and inventive storytelling, here is the dizzyingly entertaining, wickedly humorous story of a mysterious stranger whose sudden appearance during a family ' s summer holiday transforms four variously unhappy people. Each of the Smarts—parents Eve and Michael, son Magnus, and the youngest, daughter Astrid—encounter Amber in his or her own solipsistic way, but somehow her presence allows them to see their lives (and their life together) in a new light. Smith ' s narrative freedom and exhilarating facility with language propel the novel to its startling, wonderfully enigmatic conclusion.

This fascinating study explores how face functions as social capital for leaders in Thai society. It examines the anatomy of Thai face, ways to gain and lose

face, patron-client dynamics, and the sources and paradigms of power. Ethnographic research gives voice to Thai leaders as they describe face behaviors and the flow of power in their society. The author compellingly reveals an indigenous but little-used pathway to virtuous leadership that empowers both leaders and followers, to the benefit of all. Written with academic rigor in a popular style, this book presents insights that are crucial to understanding and building strategic relationships in Thai society. Highlights

- An insider ' s account of Thai leadership based on sound ethnographic research
- Examines the significance of face in Thai society
- Reveals the pathways to power in the Thai context
- Explores the relationship of Thai leaders and their followers
- Identifies the qualities of virtuous leadership

In this extraordinary book, Alexander Masters has created a moving portrait of a troubled man, an unlikely friendship, and a desperate world few ever see. A gripping who-done-it journey back in time, it begins with Masters meeting a drunken Stuart lying on a sidewalk in Cambridge, England, and leads through layers of hell...back through crimes and misdemeanors, prison and homelessness, suicide attempts, violence, drugs, juvenile halls and special schools – to expose the smiling, gregarious thirteen-year-old boy who was Stuart before his long, sprawling, dangerous fall. Shocking, inspiring, and hilarious by turns, *Stuart: A Life Backwards* is a writer ' s quest to give voice to a man who, beneath his forbidding exterior, has a message for us all: that every life – even the most chaotic and disreputable – is a story worthy of being told.

Pete wanders into a Bangkok go-go bar and meets the love of his life. Joy is young, stunning, and a pole dancer. In a roller-coaster ride of sex, drugs, and deception, Pete discovers that his own very private dancer is not all she claims to be. Far from being the love of his life, Joy is his own personal nightmare!

“ A harrowing, beautiful, searching, and deeply literary memoir. In these pages, we watch Cree LeFavour evolve from a wounded (and wounding) lost girl to a woman who can at last regard her existence with a modicum of mercy and forgiveness...a story of true self-salvation and transformation. ” —Elizabeth Gilbert

As a young college graduate a year into treatment with a psychiatrist, Cree LeFavour's began to organize her days around the cruel, compulsive logic of self-harm: with each newly lit cigarette, the world would drop away as her focus narrowed to an unblemished patch of skin calling out for attention and the fierce, blooming release of pleasure-pain as the burning tip was applied to the skin. Her body was a canvas of cruelty; each scar a mark of pride and shame. In sharp and shocking language, *Lights On, Rats Out* brings us closely into these years, allowing us to feel the pull of a stark compulsion taking over a mind. We see the world as Cree did—turned upside down, the richness of life muted and dulled, its pleasures perverted. The heady, vertiginous thrill of meeting with her psychiatrist, Dr. X—whose relationship with Cree is at once sustaining and paralyzing—comes to be the only bright spot in her mental solitude. Her extraordinary access to and inclusion of the notes kept by Dr. X during treatment offer concrete evidence of Cree ' s transformation over 3 years of therapy. But it is her own evocative and razor-sharp prose that traces a path from a lonely and often sad childhood to her reluctant commitment to and emergence from a psychiatric hospital, to the saving refuge of literature and eventual acceptance of love. Moving deftly between the dialogue and observations from psychiatric records and elegant, incisive reflection on youth and early adulthood, *Lights On, Rats Out* illuminates a fiercely bright and independent woman ' s charged attachment to a mental health professional and the dangerous compulsion to keep him in her life at all costs.
