This brings up another common question: what is 4K resolution? The answer is simple. Standard high-definition, or 1080P (as found on Blu-Ray discs and HD televisions), is made up of a picture that is ...

What is a 4K computer monitor?

If you're not into first person shooters, surround sound is still awesome, especially if you watch Blu-ray movies using your headset, but it's not going to give you a competitive advantage. Needless ...
