Waste Management is the nations largest handler of solid and chemical waste; the largest asbestos-abatement company; the largest private waste-water treatment company; the largest low-level radioactive waste management company; the largest wastereduction consultancy; the third largest engineering firm; and one of the largest managers of medical waste.

Amazon.com: Waste Management (9780895265111): Jacobson ...

This waste disposal company is on a mission to reduce environmental impact. All people and most companies have a need to throw things away. Waste Management does not focus on where waste can go. Instead, the company focuses on what trash and recyclable goods can do. One recycled glass bottle can power a computer for 30 minutes. Waste Management teaches car companies to recycle their packaging products.

waste management's examples of corporate social ...

The Canadian government has launched an engagement process to "modernise" the country's radioactive waste policy. At the same time, it has asked the Nuclear Waste Management Organisation to lead a dialogue to develop an integrated strategy for Canada's radioactive waste.
